

Privacy policy 2020

D2EM Konsalting doeel (D2EM) thanks you for your interest in our products and for a visit to our website or for communicating with us by e-mail.

Please note that visiting our D2EM's website means that you have read the contents of this Privacy Policy. Any review or familiarization with our website and the Privacy Policy means that you accept and agree to abide by the respective terms hereof.

The information provided on this website is of a public nature and serves only informational purposes and cannot be considered as a public offer or an inclination to purchase goods, services or securities of D2EM or other related persons, or should not serve as a basis for making any decisions (including investment) by partners and clients of the D2EM.

Despite the fact that the D2EM makes every effort to timely update and update the information provided on the website, as well as to eliminate technical and factual errors that may from time to time occur. D2EM does not give any guarantees and does not make any statements (express or implied) regarding the accuracy, completeness and relevance of any information presented on this website, as well as refuses any responsibility for using this website or other site, the link to which is contained on this website.

D2EM has the right to make changes in the content and execution of this web site, as well as suspend or completely stop its operation at any time without prior notice, although it does not assume any obligations to periodically update the latter.

The perception of the information provided may depend on a variety of factors, including scientific, business, economic and financial, in this regard, the visitor of this web site should be aware of and take risks associated with misunderstanding and interpretation of the information provided. The visitor agrees that the access and use of this website, as well as any other site, the link to which is contained on this website, including their contents, is at his / her own risk. D2EM, as well as any company that participated in the creation, production or maintenance of this web site or site, the link to which is contained on this website, to the visitor, does not bear and will not be responsible for any direct, incidental, consequential or punitive damages caused to you, to your computer equipment or any other property or to a third party due to the access, use or inability to use this web site or site, the reference to which is on this website,

Visitors should not use the information contained on this website as medical advice or advice. It should be remembered that only the attending physician, taking into account the individual characteristics of your organism and exercising control over the use of the medicinal product, can exercise and determine the choice, purpose and method of administration of the medicinal product. Before using any medication that is mentioned on this website, it is necessary to seek medical advice from a doctor and to read the instructions for using such a medicine.

This website of D2EM may contain information that relates to the future circumstances. Such information is very uncertain and subject to significant influence of various factors, including scientific, business, economic and financial, and as a result, actual results may differ materially from those set forth on this website.

Any links to third-party Internet sites on this website are provided solely for the convenience of visitors. D2EM has no intention in any way to express its approval or other opinion regarding the content of such third-party Internet sites for which such links are provided, nor will it be responsible for the information provided to them and the consequences of its possible use.

All trademarks indicated on this website are owned or licensed by companies belonging to D2EM.

This website, as well as the information contained or referred to therein, is provided for information purposes only. Any reproduction, transmission, copying, replication and use of information, images, sound information presented on this website, as well as links to such, are prohibited without the written consent of D2EM. The request to use the information contained on this website must be addressed to the administrator of this website from the company D2EM.

COLLECTION OF DATA

You can use our website without disclosing your personal data. You are not required to provide personal information as a condition of using our site, except as may be necessary to provide you a product or service at your request. When you use our website, data may be collected, in order to provide you with the information requested by you. This data may include the name of your Internet service provider, the website that you used to link to our site, the web sites that you visit from our web site and your IP-address. This data could possibly lead to your identification, but we do not use it to do so. We do use the data from time to time for statistical purposes, but maintain the anonymity of each individual user so that the person cannot be identified. In cases when personal data is provided to others to provide you products or services you have requested, or for other purposes you have authorized, we rely on technical means to assure that applicable data security regulations are followed.

COLLECTION AND PROCESSING OF PERSONAL DATA

We collect personal data when you provide it to us, via our contact email, as part of an order for products or services, inquiries or requests about materials being ordered and similar situations in which you have chosen to provide the information to us. The database and its contents remain at our company and stay with data processors or servers under our control, or under control of companies acting on our behalf and responsible for processing of the personal data, with whom agreement has been concluded, pursuant to which the company guarantees that it complies with all personal data protection regulations (hereinafter “partner”). Your personal data will not be passed on by us or by our agents for use by third parties in any form whatsoever, unless we have obtained your consent or are legally required to do so. We will retain control of and responsibility for the use of any personal data you disclose to us.

However, we shall not be held responsible for any hacking attempt that may lead to the data being compromised.

PURPOSES OF USE

The data we collect will only be used for the purpose of enabling your use of the website and supplying you with the requested products or services or for other purposes for which you have given your consent, except where otherwise provided by law.

RIGHT OF ACCESS AND CORRECTION

You have the right to review and amend any personal data stored in our system if you believe it may be out of date or incorrect. Just send an e-mail to the address given in the imprint.

RIGHT OF CANCELLATION

You have the right at any time to withdraw your consent to the use of your personal data in the future. Again, just send an e-mail to the address given in the imprint.

DATA RETENTION

We only retain personal data for as long as is necessary for us to render a service you have requested or to which you have given your consent, except where otherwise provided by law (e.g. in connection with pending litigation).

COOKIES POLICY

D2EM values your privacy. In order to understand how people use our site generally, and to create more valuable experiences for you, we may collect data about your use of this site (both directly and through our partners). This tool will help you understand what information is being collected, and give you control over how it is being collected and used.

WHAT ARE COOKIES?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by online service providers in order to (for example) make their websites or services work, or to work more efficiently, as well as to provide reporting information.

Cookies set by the website owner or service provider (in this case, D2EM) are called “first party cookies”. Cookies set by parties other than the website owner are called “third party cookies”. Third party cookies enable third party features or functionality to be provided on or through the website or service you are using (such as advertising, interactive content and analytics). The third parties that set these third party cookies can recognize your computer both when it visits the website or service in question and also when it visits certain other websites or services.

WHY DO WE USE COOKIES AND OTHER TRACKING TECHNOLOGIES?

We use first party and third party cookies for several reasons. Some cookies are required for technical reasons in order for our Websites and Services to operate, and we refer to these as “essential” or “strictly necessary” cookies. Other cookies enable us and the third parties we work with to track and target the interests of visitors to our Websites, and we refer to these as “performance” or “functionality” cookies. For example, we use cookies to tailor content and information that we may send or display to you and otherwise personalize your experience while interacting with our Websites and to otherwise improve the functionality of the Services we provide. We also enable our users to employ cookies and similar tracking technologies in connection with their use of our Services in order to allow us and our users to track their subscribers. Finally, third parties serve cookies through our Websites and Services for advertising, analytics, and other purposes. This is described in more detail below.

ANALYTICS AND CUSTOMIZATION COOKIES

These cookies collect information that is used either in aggregate form to help us understand how our websites are being used or how effective our marketing campaigns are, or to help us customize our websites and application for you in order to enhance your experience. (Google)

OTHER TRACKING TECHNOLOGIES

We and our partners may use other, similar technologies from time to time, like pixels (or “clear gifs”) and other tracking technologies. These are tiny graphics files that contain a unique identifier that enable us to recognize when someone has visited our Websites. While you may not have the ability to specifically reject or disable these tracking technologies, in many instances, these technologies are reliant on cookies to function properly; accordingly, in those instances, declining cookies will impair functioning of these technologies.

HOW CAN I CONTROL COOKIES?

You have the right to decide whether to accept or reject cookies.

Browser Controls: You can set or amend your web browser controls to accept or refuse cookies. If you choose to reject cookies, you may still use our Websites though your access to some functionality and areas of our Websites may be restricted. As the means by which you can refuse cookies through your web browser controls vary from browser-to-browser, you should visit your browser’s help menu for more information.

Disabling Most Interest Based Advertising: Most advertising networks offer you a way to opt out of Interest Based Advertising. If you would like to find out more information, please visit:

<http://www.aboutads.info/choices/> or <http://www.youronlinechoices.com>

Mobile Advertising: You can opt out of having your mobile advertising identifiers used for certain types of Interest Based Advertising, including those performed by us, by accessing the settings in your Apple or Android mobile device and following the most recent published instructions. If you opt out, we will remove all data about you and no further data collection or tracking will occur. The random ID we (or our third party partners) had previously assigned to you will also be removed. This means that if at a later stage, you decide to opt-in, we will not be able to continue and track you using the same ID as before, and you will for all practical purposes be a new user to our system.

Do Not Track: Some Internet browsers - like Internet Explorer, Firefox, and Safari - include the ability to transmit “Do Not Track” or “DNT” signals. Since uniform standards for “DNT” signals have not been adopted, our Websites do not currently process or respond to “DNT” signals. D2EM takes privacy and meaningful choice seriously and will make efforts to continue to monitor developments around DNT browser technology and the implementation of a standard. To learn more about “DNT”, please visit [All About Do Not Track](#)

How often will you update this Cookie Statement?

We may update the Cookie Statement from time to time in order to reflect changes to the cookies we use or for other operational, legal or regulatory reasons. Please therefore re-visit the Cookie Statement regularly to stay informed about our use of cookies and related technologies. The date at the bottom of this Cookie Statement indicates when it was last updated.

CONTACTS

All enquiries or complaints regarding your personal informational should be made in writing to:

D2EM by email: mkitanovski@d2emconsulting.com
